

Animal Relief Formula (ARF)

Calming & comforting for animals
in transition or trauma

- Abandoned animals, whether feral or in a rescue shelter
- Adoption into a new home, or having a new guardian or caretaker
- Loss of the primary caretaker due to death, divorce or changes in the family
- Environmental disruption, such as a natural disaster
- Significant travel or re-location
- Prior history of physical abuse, torture or abandonment
- Difficulty adapting to a new home, with destructive or annoying behaviors
- Performance or work animals who are exploited
- Prolonged illness, or extensive surgery and related trauma
- Pronounced stress – such as significant absence of the primary caretaker
